The Seven Natural Wonders of the world are a list of the world's most astonishing natural attractions. The Grand Canyon, in the USA, is one of the world's natural wonders. The Seven Wonders of the World demonstrate humanity's most impressive creations such as the Taj Mahal and the statue of Christ.
The World Atlas A world Atlas with uniform maps was a major breakthrough for cartographers and geographers alike. It was only much later that an exact world atlas with latitude and longitude was drawn up, although world atlas with north, south, east, and west degrees were being drawn up earlier but with far less accuracy. A world atlas contains information about geography in a variety of map formats. These maps contain information, both on a global scale and on a more local scale.
