

Download Bendigo Shafter A Novel

Great List! I agree wholeheartedly with so many of these... And like Mantecon, I too would have included Blood Meridian by Cormac McCarthy. If any of you are in the mood for a western novel written in homage to LMM, CmC, Frank Dobie, and all the rest... The Sackett family is a fictional American family featured in a number of western novels, short stories and historical novels by American writer Louis L'Amour. In 1959 Louis L'Amour wrote The Daybreakers, his first novel about his fictional Sackett family. It chronicled the story of two brothers moving west to escape the feuding and poverty of the Tennessee mountains. The "Sackett" series is told in the first person and is narrated by different members of the Sackett family. Because of this, the series is very much the family history of the Sackett clan, as it traces the family moving from England to America, and then as the clan moves west.
