Timeline adapted primarily from observations as published Robert Temple and Joseph Needham. Dates on Timeline indicate technology developing in China, and the approximations of discovery in Western civilization refer to some form of the invention observed later. A Space Colony is when a colony is not on the surface of a planet, but instead is a huge space station. They are discussed in detail here. And when a mature colony starts making noises about "No Taxation Without Representation", the time is ripe for a War of Independence. The Hellenistic period covers the period of Mediterranean history between the death of Alexander the Great in 323 BC and the emergence of the Roman Empire as signified by the Battle of Actium in 31 BC and the subsequent conquest of Ptolemaic Egypt the following year. The Ancient Greek word Hellas (Ἑλλάς, Ellás) is the original word for ...The term "outline", as used here, is short for "hierarchical outline", which is a type of hierarchical list arranged in levels using indents. An outline is a type of tree structure, designed to graphically convey subjects' connectedness, showing the parent-offspring relationships between topics, and their subtopics.
