Get this from a library! Coyotes : last animals on earth?. [Harold Edgell Thomas; Lorence F Bjorklund] -- Describes the characteristics and behavior of the coyote, including anecdotes from Indian lore and legend stressing its intelligence and discussions of its importance to the environment. Though other current causes can become occasions for slapdash exploitation, somehow the coyote seems to inspire only superior children's books. This is closer to the standard survey than were last year's Sundance Coyote by Michael Fox or The Hunting Trail by Ester Wier, each introducing the species by way of one impressively realized individual.
