

Download How Big Is God's Love

"God's love is so big, almost nobody can explain it," says Jamie, age 8. "It's bigger than 999,999,999 gallons of chocolate milk. No one really knows how big his love is, but all I know is that he...He did it to display his power and show us his infinite love. He is a God powerful enough to create worlds, yet detailed and thoughtful enough to knit us each together in our mothers' wombs. 12 He is intimately involved in even the tiniest aspect of creating life. So how big is God, exactly? God's love is big, God's love is great God's love is fab and he's my mate God's love surrounds me everyday And I love to sing and say God's love is big, God's love is strong God's love goes on and on and on God's love surrounds me everyday And I love to sing and say... God loves me, wehah! Since before the world began God knew me and had a plan Show God's bigness by showing first the baby shoes, keep the big ones hidden. Talk about small the shoes are and compare them to our hearts. Say, "When we love someone, we think that love is really big. But compared to God's love, our love is very small." Show the second pair of shoes, and say, "These shoes are like God's big love."
