

Download Libraries And Graduate Students Building Connections

McGill is Canada's most international university, and certainly one of North America's. With the highest percentage of international students among Canada's top research universities, faculty members coming from across the world, and many dynamic international partnerships, McGill's connections span the globe. Connections XPO (formerly known as Career EXPO) is an opportunity for students to learn from alums and employers about career possibilities and to connect with professionals in a wide-variety of fields. Connections XPO is brought to you by a collaboration of: CSB/SJU XPD - Experience and University Libraries. Rider University Libraries are at the center of intellectual life of the University, stimulating pursuit of free and critical inquiry through collaborative partnerships. Gateway to graduate studies at Western - a leading research-intensive university in Canada with more than 70 masters and 50 doctoral programs.
