

Download Medicaid And Other Experiments In State Health Policy

Categories. Accountable Care. Accountable Care Organizations and similar care models are designed to incentivize health care providers to become accountable for a patient population and to invest in infrastructure and redesigned care processes that provide for coordinated care, high quality and efficient service delivery. The Bundled Payments for Care Improvement (BPCI) initiative is comprised of four broadly defined models of care, which link payments for the multiple services beneficiaries receive during an episode of care. The federal judge who shot down a Medicaid work requirement plan last June remained deeply skeptical Thursday of the Trump administration's renewed strategy to force enrollees to work. AHH: The Food and Drug Administration announced a new policy that aims to make it more difficult for minors to buy flavored e-cigarette products, the latest in an effort to curb youth vaping.
