Term Paper: Format of Citations and References 1. Introduction. As you write your term papers, it will be important for you to document where you obtained the information cited in your report. Access to other parts ... preface; latest changes; table of contents; part1 - general information & standard formats; part2 - standard formats (continued) Animals and humans can learn to see, perceive, act, and communicate with an efficiency that no Machine Learning method can approach. The brains of humans and animals are "deep", in the sense that each action is the result of a long chain of synaptic communications (many layers of processing). Painstaking work by Penn Museum archaeobotanist Chantel White and students has verified what the Bartrams sold and exported to Europe in the 1800s and shed light on the family's daily dietary habits.
