This web page shows an history of the early Harley-Davidson motorcycles. I have many original pictures that were submitted by family members to3 ohms is right for the Unilite. Points take 5 ohms. Mallory recommends between 2 and four ohms as I recall, depending on the application (street 3-4, racing 2-3).The original left side case on my 65 motor needed to be replaced for whatever reason back in 1977. It has had the Bonneville case in it's place since 1978.2009 harley davidson road glide cvo arlen ness full custom show bike, built for and owned by neal schon band member of journey! this was a new cvo road glide that was custom built from the ground up, the attention to detail and finish show the quality build that only arlen ness and ness family can do!
