

# **Download Visualizing And Verbalizing For Language Comprehension And Thinking**

Welcome to Lindamood-Bell! Our mission is to help all individuals learn to read and comprehend to their potential. We have changed the lives of thousands of children and adults all over the world and I hope we can do the same for you or your loved ones. The Visualizing and Verbalizing® (V/V®) program develops concept imagery - the ability to create an imaged gestalt from language - as a basis for comprehension and higher order thinking. The Visualizing and Verbalizing® Kit has been endorsed by the Council of Administrators of Special Education (CASE)! Items in kit, and referenced examples in manual, may differ from those shown. Learn some best practices in helping children with language processing issues learn to read in this Q&A with expert Nanci Bell, director of Lindamood-Bell Learning Processes. Find out what works with children who have weaknesses in concept imagery or symbol imagery.
